

As the owners of the newly opened Harton House & Farm of Olivet, we would like to personally thank The County Journal and all of our new customers. We placed our ad in TCJ just one week after opening our door for business and were amazed at the amount of people who came out – papers in hand – looking for our advertised varieties of mums, pumpkins, and much more.

To all of our friends who have visited, we hope that we exceeded all of your expectations; and to The County Journal, know that we will always look to you to get our message out to the public.

*Sincerely,  
Jeremy & Kathy Harton*
